Baron Liesso, in his celebrated work on Animal Chemistry, says: "An artificial Digestive Fluid, analogous to the Gastric Juice, may be leadily prepared from the muchous membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be so softened, changed and digested, just in the same manner as they would be in the human stomach."

Dr Comes, in his valuable writings on the Phys-tology of Digestion, observes that "a dimunition of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which proved com-pletely successful."

Dr GRAHAM, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact "Vegetable Diet," says: "It is a remarkable fact in physiology that the stomachs in animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Dr Sinon's great work, the "Chemistry of Man," (Lea & Blanchard, Phila, 1846, pp 321-2) says:—

For the Removal and Permanent Cure of all NERVOUS DISEASES. those Comparats which are caused by an impais weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the most valuable medicional discovery DR. CHRISTIE'S GALVANIC BELT

A Derangement of the Nervous System.

GG-In NERYOUS COMPLAINTS, Drugs and Medicines increase the disease, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalising influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength staticity and vigor.

The great peculiarity and excellence of Dr. Christie's Galvanic Curratives. GENERAL DEBILITY,

Dr. Christie's Galvanic Curatives, consists in the fact that they arrest and cure disease by outuser's application, in place of the usual mode of druggling and
phatching the patient, till exhausted Nature sinks hopolessly
under the infliction.

They strengthen the whole system, equalize the circulation
of the blood, promote the secretions, and never do the slightest
enjury under any circumstances. Since their introduction in
the United States, only three years since, more than

75,000 Persons scluding all ages, classes and conditions, among which were large number of ladies, who are peculiarly subject to Norrous Complaints, have been

ENTIRELY AND PERMANENTLY CURED, when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELLY, suppose the case of a person afflicted with that bame of civilination, DYSPETSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the herves and muscles of the atomsoh, afford temperature the herves and muscles of the atomsoh, afford temperature the herves and muscles of the atomsoh, afford temperature the herves and muscles of the atomsoh, afford has cessed. Now compare this with the effect resulting from the application of the GALVANIC BELT has a Dyspeptia sufferer, even in the worse symptoms of an attack, and simply the the Belt around the body, using the Magnestic Fluid a directed. In a short period the insensible perspiration will sal on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence Juch again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO FRADICATE THE DISEASE OF YEARS.

what has deen the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For shout twenty years I had been suffering from Dyspensia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourtees years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rhesmatism, which for year after year, caused me indescribeble suguish. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was stacked by the Bronchits, which soon became so severe as to require an immediate suspension of my pastoral labors. Hy nervous system immediate suspension of my pastoral labors. Hy nervous system were controvership prestrated, and as my Bronchitts became worse, so also did my Dyspepsia and Rheumatic affection—thus eviscing that these disorders were connected with each other except the medium of the Nervous system. In the whole phanmacoposis there seemed to be no remedial agent which could reach and recuperate my Nervous System; swary, hing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the sphication of the GALVANIC BELT AND NECKLACE, with the MAGNETIG FLUID. This was in June, 1848. To my great arresussment, I was led by my friends my staronal Labous; so heavy I was exalled to a string, the same and though with no very sanguine hopes of their efficiency, I determined to try the effect of the sphication of the GALVANIC BELT AND NECKLACE, with the MAGNETIG FLUID.
